Brief CV

PHOTO

Prof. YOKOYA Susumu has been the Director of Thyroid and Endocrine Center, Fukushima Global Health Science Center, Fukushima Medical University since 2017. He graduated from the Faculty of Medicine, the University of Tokyo in 1976 and immediately started his residency at the Departments of Pediatrics, Kanagawa Children's Medical Center (KCMC) and then Jichi Medical School. He also received post-graduate training in the Division of Endocrinology and Metabolism in KCMC. During his stay in Canada, (1983-1985) he served as a research associate in the Department of Physiology, Faculty of Medicine, University of Manitoba, and focused on research of the growth hormone under the supervision of Prof. H.G. Friesen. He served as a pediatrician in the Department of Pediatrics, Toranomon Hospital, Tokyo, in 1988 and was promoted as the department director in 1993. He moved to the National Center for Child Health and Development (NCCHD) and served as the Director of the Department of Medical Subspecialties in 2007 and a vice president of the Hospital in 2013. The Great East Earthquake occurred in 2011 while he was the president of the Japanese Society for Pediatric Endocrinology (JSPE) between 2010 and 2014. He received Kenji Fujieda Prize in 2012 and the Society's Prize in 2014 from JSPE.
